

EVOLine® Dock Square

Variable and mobile.

EVoline[®] Dock Square

EVoline Dock Square, the new generation of on-Desk systems, provides a mobile, compact and flexible solution for the workspace.

Starting with the Dock Square Basic up to the individually configurable versions, interchangeable modules for Data and Multimedia facilitate timeless and almost unlimited flexibility as connectivity requirements evolve.

An easy adhesive fixing simplifies the installation. The adhesive connection is removable at any time enabling the Dock Square to be placed in another position. Even on Glass!
